## Exclusive Island Hotels & Resorts

### New edition of the Exclusive Island Hotels & Resorts directory

Genuine showcase of the Collection, the Exclusive Island Hotels & Resorts paper directory is a valuable tool to discover the 58 members' hotels (that's to say 12 more members since 2006).

The directory has an annual periodicity and is published in four colors, on high-gloss paper, to be the worthy representative of the members' establishments sophistication.

To guarantee a large distribution, the directory is published in 2 languages: French and English.

Each member property is featured on four pages, written in two languages. - The presentation pages include:

- An introductory text.
- Information about the property location, the mileage from the nearest airport and the transfers time and ways.
- A list of the main sports and leisure activities.
- A list of the main hotel facilities.
- A short description of the accommodation possibilities, with a range of pictograms helping to discover the amenities offered in the guestrooms.
- A rates guideline in local currency.
- A brief listing of the dining options.
- The contact details of the property, including the website link.
- Around ten color pictures.
